

SCHOLAR ATHLETE ACADEMY

Features & Benefits

The complete learning system for the college-bound student-athlete — daily reps, live mastery, and total transparency for parents.

The Combine — GameDay Skill Engine

Endless, AI-generated, sports-themed practice that adapts to each scholar's weak spots. Like IXL, but every rep is a game scenario — with live streaks, coach hints, and XP. Wired straight into the Mastery Radar.

Daily AI Worksheets

A fresh, standards-aligned worksheet every school day (multiple-choice, fill-in, and open problems). Open responses are graded by AI with written feedback, so students learn the concept and get instant coaching.

Mastery Radar & Scholar Rating

A live 6-point skill map (Math, ELA, Science, Social Studies, Sports Analytics, Consistency) plus an Overall Scholar Rating. Strengths and gaps are visible at a glance — no report card required.

XP, Streaks & Trophy Case

Daily quests, level-ups, and NBA-Jam-style 'on fire' streaks turn consistency into a game. Auto-awarded, shareable badges keep scholars coming back every single day.

Scholar-Athlete Portfolio

A shareable, verified academic resume — completed capstones, standard mastery, badges, and elective credits — that scholars can send to coaches, recruiters, and schools. Privacy stays in the family's control.

6-Week Elective Courses

Authored deep-dives like 'The Math of Basketball' and 'NIL & Personal Branding' — read, analyze, and an AI-graded capstone. Completion earns a badge, 0.5 credit, and a printable certificate.

MORE OF WHAT YOUR FAMILY GETS

Built for the Whole Journey

Live Classroom

Real-time video sessions a coach can target to everyone, a grade, or a single scholar. Help arrives exactly when it counts, in a floating window that keeps the dashboard usable.

Family Hub for Parents

A passwordless magic link opens a live view of each child: streaks, quests, Mastery Radar, Combine stats, and materials from the coach. Total transparency in 10 seconds, from any device.

Multi-State Standards — CA / FL / TX

Choose your state at signup and the entire daily rhythm anchors to your framework: California Common Core & NGSS, Florida B.E.S.T., or Texas Essential Knowledge and Skills (TEKS).

Summer Prep Bridge

On enrollment, each scholar gets an auto-assigned previous-grade review bridge to close gaps before day one — and the parent is emailed the plan. Kids start the year on grade level, not behind.

THE LEARNING LOOP

Teacher sets the day's standard → scholar learns the mini-lesson → practices via Worksheets + unlimited Combine → earns XP, badges & mastery → parents see it all live on the Family Hub → progress compounds into a verifiable Scholar Portfolio.
